SUBJECT: VITA Quarterly Report

Governor Mark R. Warner's Executive Order 50 (03) directs the Chief Information Officer (CIO) to prepare Quarterly Reports, beginning July 1, 2003, providing the status of IT reform implementation in the Commonwealth. This document represents the quarterly submission due July 1, 2004, covering activities occurring from March 16 to June 15, 2004 (except where noted).

I am pleased to report the Virginia Information Technologies Agency (VITA) has made substantial progress in all areas of operations, including the successful integration of all medium agencies and the first large agency, the Virginia Department of Transportation, effective today. In addition to information on the phased agency transitions, the Quarterly Report includes highlights of Information Technology Investment Board actions, VITA organization and staffing, infrastructure initiatives, technology management, actions taken under the Public/Private Education Facilities and Infrastructure Act, and finances.

As always, I would welcome the opportunity to discuss with you any aspects of VITA and the IT consolidation efforts underway. Please contact me with your questions and comments.
